

# What Do You Take Me For

The Brand New Heavies

Whohoho Ahaha 3x

I've been thinking Where have you been Why I  
failed to see  
What I seem to take for granted is that you have been  
good to me

I think I steep and your heart is on the line  
Your promises word is just a waist of my time  
Nobody is gonna love you more  
then I did babe oh no

Refrein

Why you wanna play me like that  
You stole my heart now I want it back  
You said I trust you and I don't know how to act  
Baby what do you take me for

Should have listened to my close friends Should have  
seen through you  
I was blind boy yeah but then I Everything you say it  
was true  
I think I steep and your heart is on the line  
Your promises word is just a waist of time  
Nobody is gonna love you more  
then I did babe oh no

Refrain 2x

Bridge:
