```
Like a road, you're somewhere to GO
Head to toe, twentythree
What rock with me
Your face looks good to me
Your face looks good to me
Your face looks good to me
Head to toe
You're somewhere to go
There's someone's home
Someone's home
Your face looks good to me
You're allright boy / You look right boy
Head to toe, you're somewhere to go
Twentythree
What rock with me
Your face looks good to me
Your face looks good to me
Your face looks good to me
You're allright boy / You look right boy
Your face looks good to me
Your face looks good to me
Your face looks good to me
You look right boy
Comfortably
Comfortably
