

Fire Song

The Brian Jonestown Massacre

There was a fire and I could not hide
There was a fire so I jumped inside
I got lost inside you
Lost inside you

And all of the love that I have inside
Just look in my eyes they're open wide
And I'm lost inside you
Lost inside you
I'm lost

All of this love that I have inside
Just look in my eyes I can not hide
That I'm lost inside you
I'm so lost inside you

I'm lost
Inside you
Lost...
