

Johnny Marr Is Dead

The Brian Jonestown Massacre

I use to love her too
I use to love her so much more than you anyone but you
Now I believe I know
Now that I let her go before she does what she tries to
do
What's a stupid girl supposed to do
What's a stupid boy supposed to do
Say that you loved her so
You never let her go and do the things she wants to do
Now I believe I know
Now that I let her go where ever she is headed to
What's a stupid girl supposed to do
What's a stupid boy supposed to do
I need to love her so
I need to love her so much more than anyone but you
Now I believe I can float
Now that I let her go and do what she tries to do
What's a stupid girl supposed to do
What's a stupid boy supposed to do
What's a stupid girl supposed to do
What's a stupid world supposed to do
