The Brian Jonestown Massacre

I loved you more of them all, I loved you more of them all
I loved you more then them all but you threw it all away
I loved you more of than them all, I loved you most than them a
ll
I loved you more than them all but you threw that love away

You want to ruin it all, you have to you ruin it all
You want to ruin it all and took the sun away
You can not ruin it all, you fucking ruin it all
You love to ruin it all 'cause you live your life that way, sad
