The Brian Jonestown Massacre

you're living alone in a lie
dont understand you feel glad
cause its what you want
able to trip on a dime
wondering why it went bad
you thought it could last
living in love with a lie
dont understand you're not glad (?)
its about to end
lost and alone in your lie
look at yourself its so sad
its so sad
wondering can I unwind
everythings heading so bad
its so bad
its so bad
