

## My Poor Heart

### The Brian Jonestown Massacre

Just now, you crossed my mind  
The way you do from time to time  
I close my eyes, I'm wondering  
If you care for me  
Yes, maybe no  
I'll see how it goes  
My heart beats so fast  
The world turns so slow

This is our fate  
And you understand  
I live day by day  
But you need a plan  
Yes, maybe no  
I'll see how it goes  
My heart won't stop beating  
This world's gonna blow
