

# Nothing Can Stop The Sound

The Brian Jonestown Massacre

You're so messed up  
You can't catch up  
And our secret?  
Nothing can stop this sound

Never-ending  
Spirit mending  
Love in your ear  
Nothing can stop this now  
Nothing can stop this now  
Nothing can stop us now  
Nothing can stop the sound

There is new norm  
Watch me change form  
Watch me fly now  
Watch me become this sound

Nothing can stop it now
