

## That Girl Suicide

### The Brian Jonestown Massacre

Can't explain all the things that I'm feeling  
And when I look I don't know what I'm seeing  
She say's relax  
If I want you  
We'll go slow  
I close my eyes and  
It all goes away though

What she wants is she wants me to no-no  
It happens fast but the feeling is slow-mo  
I know what  
She wants  
But she's never  
Going to get it  
Make up your mind or  
You better forget it
