That Girl Suicide

The Brian Jonestown Massacre

Can't explain all the things that I'm feeling
And when I look I don't know what I'm seeing
She say's relax
If I want you
We'll go slow
I close my eyes and
It all goes away though

What she wants is she wants me to no-no
It happens fast but the feeling is slow-mo
I know what
She wants
But she's never
Going to get it
Make up your mind or
You better forget it
