

Whoever You Are

The Brian Jonestown Massacre

I will take you for a ride
deep inside
won't beg you
step inside
please

let me take you down to the place i'm going
more than treasures found
it's just in knowing you

you can show me what is real
really free

let me take you down to the place i'm going
more than treasures found
it's just in knowing you

but it's getting late
i must be going
