

One More Night With You

The Brian Setzer Orchestra

I don't need no foreign car, movie star, new guitar
A juke box in a funky bar and one more night with you

I don't need no voodoo charm, daddy's farm, false alarm
Ain't no thing can do me harm as long as you are true

I don't need no mojo hex, bouncing checks, another ex
Shuffle up them poker decks, I'll go on in with you

I don't need no pinkie ring, ba-da-bing, one more thing
Local man that loves to swing and loves it all night through

Let's go get us outta town, double down, lay around
All I need's a rockin' sound and one more night with you

Papa don't need no golden watch, another check (what?), another
notch (hey!)
Just pour me another scotch and one more night with you

I don't need no inside track, deck that's stacked, pays a black
I won't miss something I lack as long as I got you

I just need my dog to fetch, buck to stretch, play some catch
I just need my big ol' wretch, these little things'll do

I don't need no foreign car, movie stars, new guitar
A juke box in a funky bar and one more night with you
