

## Don't Care

The Briggs

Will we lose out in the end?  
I've got nothing left to spend  
Don't ask me for my name  
To you we all look the same

They don't seem to care about us

Are we saved by the grace of god?  
Well I can't tell if your right or not  
Bleed for me and I'll let you in  
Breathe your life into my skin  
I've missed my chance again

They don't care about us
