

# Face Off

The Briggs

I think I've gone insane  
What I tried to say  
Doesn't matter now  
You didn't listen anyway

Say it to my face  
Show me what you got  
You never show me who you are  
Only who you're not

Woah  
What did you say?  
I'll let you think  
While I stand here and wait

Who are you to judge?  
Those who know too much  
You try to bring me down  
But I'm never gonna budge

I'll say it to your face  
I'll show you what I got  
This is who I am  
You can't make me what I'm not

Woah  
What did you say?  
Let you think  
While I stand here and wait  
Let you think  
While I stand here and wait  
Wait

Hey

What did you say?  
What did you say?  
Doesn't matter now  
I won't listen anyway

Say it to my face  
Show me what you got  
You never show me who you are  
Only who you're not

Woah  
What did you say?  
Let you think  
While I stand here and wait  
Let you think  
While I stand here and wait  
Let you think  
While I stand here and wait
