

Rainy Day

The Broadways

youve been down for so long
the world can really do that to a kid
but you cant dwell on that shit
gotta make the world the best you can
theres no reason for crying whoa ohkeep on trying
drink everyday to make the pain feel like it wasnt reall y ther
e
kill dreams in front of tvs
that is just what they love to hear
maybe sometime... i will get off this f**king couch
i wont let this world drag me down
kids like you and me will be FREE
maybe sometime i wont have to wake up and see another rainy day
a boring afternoon theres no prize at the end of this rainbow
no one to love
no one to talk to
so im gonna grab my umbrella and run outsid
