

## Pleasure Seekers

The Bronx

hey man (??) get up  
it's time to live a little  
time to lighten it up  
limousines - yes!  
could you please wear a shorter dress?  
compromise - no  
it's time to live a little  
it's time to let it all go

and i hope you don't care  
how we feel out there  
and i hope you don't know  
what we're talking about  
i don't even bother to stay  
already on my way

hey man (??) give up  
destroy the evidence  
even police are corrupt  
money's fine - yes!  
we will settle for nothing less  
compromise - no  
this time we'll stand, we'll never  
we got to let it all go

and i hope you don't care  
how we feel out there  
and i hope you don't know  
that  
all we really want is someone to ignore us  
cause all we ever get are people who control us  
so please watch what you say in this conversation  
cause desperation is our inspiration  
yeah  
why do we even bother to stay?  
we should be on our way now  
now  
now  
now  
all we want is for someone to ignore us  
cause ll we ever get is people who control us  
please watch what you say in this conversation  
because desperation is our inspiration
