Six Days a Week

The Bronx

I needed shelter More than anything else I wanted to help her From destroying herself I don't speak on money When I'm over the line And I don't dwell on death much But it crosses my mind Oh

Make no mistake There's a real thin line between crime And suicide

Ωh

I knew I was loaded I knew it was clean Until it exploded All over the scene

And now out on the freeways Now I'm wired all of the time I don't dwell on death much But it crosses my mind

Make no mistake There's a real thin line between crime And suicide

Six days a week I feel the payment comin' Six days no sleep I keep my eyes wide open

Six days a week I feel the payment comin' Six days no sleep I keep my eyes wide open

And now out on the freeways Now I'm wired all of the time And now I'm losing my mind I'm losing my mind

Six days a week I feel the payment comin' Six days no sleep I keep my eyes wide open

Six days a week I feel the payment comin' Six days no sleep I keep my eyes wide open

'Cause there's a real thin line between crime And suicide Sponzor: www.srovnavac.cz - vyberte si pojištění online!
