

Stranger Danger

The Bronx

Caught up in the moment
Caught up in the times
Sun in my veins
Blood in my eyes
Right hand of the devil
Slave to no law
Midnight to morning
I hear them call

It's the summer of Sam
I'm a killer, let me be who I am
It's the summer of Sam
I'm a killer, let me be who I am

Driven by darkness
Rumors in the rain
Shadows of violence
Possessed by pain
Witness to a nightmare
Victim in a dream
Midnight to morning
I hear them scream

It's the summer of Sam
I'm a killer, let me be who I am
It's the summer of Sam
I'm a killer, let me be who I am
It's the summer of Sam
I'm a killer, let me be who I am
It's the summer of Sam
I'm a killer, let me be who I am

Caught up in the headlines
Caught up in the fame
Midnight to morning
They know my name
Bury your burden
Bury your corpse
Midnight to morning
There's no remorse

It's the summer of Sam
I'm a killer, let me be who I am
It's the summer of Sam
I'm a killer, let me be who I am
It's the summer of Sam
I'm a killer, let me be who I am
It's the summer of Sam
I'm a killer, let me be who I am
