### The Brook & The Bluff

Still had your picture in my pocket  
Carried it thru customs in my wallet  
Found it in a ruin, thought I lost it  
If pictures say so much  
Wonder what they'd say about us  
Would your eyes still show the dust?  
Would you swear that's where something once was?  
You were my best friend  
And it's been six months  
Haven't heard much

I wasn't prepped for this  
Don't turn your back on me  
Stop the shoulder spin

Don't, don't turn your back on me  
Stop, well stop the shoulder spin  
Don't, don't turn your back on me  
Stop, well stop the shoulder spin
