

Mankind  
Trapped inside the sky  
Denied  
Never meant to know our fate  
Realize  
No souls in their eyes  
Darkened skies  
Mass hypnosis

Cold blood  
Causing our demise  
Human Disguise  
Mass hypnosis

Blinded by hope and pride  
All eyes to the sky  
They hypnotized, truth denied  
Question everything, 'cause you know they lie

Blinded by hope and pride  
All eyes to the sky  
They hypnotized, truth denied  
Question everything, 'cause you know they lie

Why?  
Why?  
You ask why would they lie?  
(Why)  
'Cause if we knew our worth  
We would rip their fucking heads

Blinded by hope and pride  
Believe their lies
