

# Beyond Stone

The Browning

I have closed my eyes  
Now I can see clearly  
There is no path because consciousness has failed me  
I can't begin to know  
This world has turned my mind to stone

Consciousness has faild me  
Consciousness has faild this world

Eternity lost  
Eternity lost

Beyond stone  
The endless wait to transcend

Beyond stone  
The endless wait to transcend

Beyonde stone  
The endless wait to transcend into a consciousness beyond  
Stone  
The constat fall and decent into the void of time all alone

The endless wait to transcend  
The constant fall and decent

We can not open up our minds  
Consciousness has faild us all  
W can't begin to know  
The world has turned our minds to stone

Consciousness has faild me  
Consciousness has faild this world

Beyond stone  
The endless wait to transcend

Beyond stone  
The endless wait to transcend

Beyonde stone  
The endless wait to transcend into a consciousness beyond  
Stone  
The constat fall and decent into the void of time all alone

Eternity lost  
Eternity lost
