

# Burn This World

The Browning

Greed will destroy our world  
Pillage and burn this Earth  
For all it's worth

Burn this world  
Burn this world  
Burn everything

Money can not buy  
The best things in life  
There is more than fortune  
There is more than hate

This world was not ours to take  
This world was not ours to break  
This world was not ours to take  
This world was not ours to break

Tearing down the walls  
To fuel the machines  
To raise the status  
Of kings and queens

Money can not buy  
The best things in life  
There is more than fortune  
There is more than hate

Burn this world  
Burn this world
