

Only the dead will see the end  
There is no glory worth the blood it costs  
Eye for an eye and the whole world goes blind  
Lost minds  
Lost lives  
Truth is the first casualty  
Trust is the harbinger of death  
Lives lost for nothing

Lost lives  
For nothing

I give up

This world will die because of hate  
Why can't we stop this ignorance?  
Wake up the world  
This world will die because of hate  
Why can't we stop this ignorance?  
This world will die because of hate  
Why can't we stop this ignorance

Death  
Death

Only the dead will see the end  
There is no glory worth the blood it costs  
Eye for an eye and the whole world goes blind  
Lost minds  
Lost lives

I give up
