Destroyer

Mankind

Confined to a planet that you have deprived

Your minds

Decline

The experiment's a waste of time

Destroyer

5th kind

A god beyond divine

Bow down to the king of existence

Destruction of consciousness

Destruction of everything that has ever

Existed

Destruction of consciousness

Destruction of everything that has ever

Existed

Destroyer

Destroyer

I could feel you from across the universe

I must rid existence of the human curse

You have a conscious mind that you do not

Deserve

I am the end of existence

Death is the only guarantee in life

Your final breath will be an insignificant

Glitch in time

You are a wretched pest and you will be the

Paradigm

The time has come to be destroyed by the

Eternal mind

I am the end of existence
