

Condemned to a life in flames  
You try to guide me through the burning gates  
Why are you here with me  
You're by my side to help me fall

I ask myself why  
Why me  
Demons reveal your face  
Why me  
Why do you choose to torment me

Atone for the life I've lived  
You cannot tell me you were free from sin  
Why are you here with me  
You're by my side to be a judge

I ask myself why  
Why me  
Angel reveal your face  
Why me  
Why do you choose to torment me
