The Browning

Hivemind, singularity  
Hivemind, it's too late  
Hivemind, humanity will  
Bow down and worship the new age god

Hivemind, singularity  
Hivemind, it's too late  
Hivemind, humanity will  
Bow down and worship the new age god

Reprogrammed, enslaved to the system  
Control your mind, your soul  
Reprogrammed, enslaved to the hatred  
Bow down to the coded throne and  
Feed me your humanity  
Feed me your soul

Hivemind  
Digital downfall

Feed me your humanity  
Feed me your soul

Hivemind, singularity  
Hivemind, it's too late  
Hivemind, humanity will  
Bow down and worship the new age god

Hivemind, singularity  
Hivemind, it's too late  
Hivemind, humanity will  
Bow down and worship the new age god

Reprogrammed, enslaved to the system  
Control your mind, your soul  
Reprogrammed, enslaved to hatred  
Bow down and worship the new age god

Bow down and worship the new age god
