

# Phantom Dancer

The Browning

This is no nightmare  
This is reality

I can feel the cold surrounding me  
He's staring deep inside my soul  
I cannot breathe  
Reality is my nightmare  
Why does he follow me

I dance with the angel of death  
Haunt me till my last breath  
No peace, no rest  
I dance with the angel of death  
No peace, no rest

Haunt me till my last breath  
He says

"I will haunt you every step that you take  
Your weak mind has sealed your fate"

Bring me through the gates  
Where the demons dwell  
With deaths embrace  
Drag me to hell

Reality is my nightmare  
Why does he follow me  
Let me go, leave me be  
The reaper holds my destiny

Am I the ghost  
And they the living  
Why can't they see me  
Why can they hear me scream

This is not a nightmare  
This is reality  
This is not a nightmare  
This is reality  
"I will haunt you"  
This is not a nightmare  
This is reality

Bring me through the gates  
Where the demons dwell  
With deaths embrace  
Drag me to hell
