

# Poison

The Browning

Power

They want ultimate power  
Looking down, sitting high in their tower  
No, they are willfully blind  
I will not fall in line as you poison the world

You can't take my mind  
The world is hypnotized  
You can't take my eyes  
The world is blind

The world's controlled by fear  
But what you fail to see is  
You will not poison me

I will resist until I'm in my fucking grave

Refuse to obey  
For you are not a god  
No power with me  
Defiance

You'll bleed  
You cowards  
They'll turn mankind to rot and ashes  
Destroy and suffocate the earth  
No  
I refuse to just give in

Our downfall

You can't take my mind  
The world is hypnotized  
You can't take my eyes  
The world is blind

The venom that you spit  
Has us on the edge of  
Doomsday apocalypse

I refused to consume your poison

Poison the world
