

Sick Minds

The Browning

I can feel it in my blood
Rotting through my veins
This eternal contagion
Pulsing through my heart
Engraved into my brain

My mind will be forever lost in hatred
My mind will be forever lost in hatred

Lies
Controlling sick minds
Promoting lies
Denying free minds

Lies
Controlling sick minds
Promoting lies
Denying free minds

Why don't you take my mind
Cause you already own my life
This eternal contagion
Blindly fall in line
Mindlessly shift through time
Our lives have been so wasted

Lies
Controlling sick minds
Promoting lies
Denying free minds

Lies
Controlling sick minds
Promoting lies
Denying free minds

My mind will be forever lost in hatred
