

Spineless

The Browning

This will end in violence
This will end in violence

You spread your hate around the world
To try and make things worse
You have been blinded by the screens
Humanity has been cursed

Your ignorance will make us burn
To the ground
Violence
Will make us drown

You're lost
You can't see
They let you see what they want you to be
You're lost
Obsessed
With yourself

This will end in violence
This will end in violence

Your ignorance will make us burn
To the ground
Violence
Will make us drown

You're lost
Obsessed
Your force fed views are meaningless
Your mind is so weak
I can't stand to hear you speak

Spineless
