Vortex

The Browning

No
Why can't I just let go
The cycle will not end
With this torment in my head

Vortex
This hate lives inside me
Vortex
Break these chains that bind me

Break
Vortex

Show me reality
I can't let this destroy me
Show me reality
I can't let this destroy me

You're a fake
A mistake
You only take, take, take, I'm about to break
Why can't you see
You'll always be
What's wrong with humanity?

Vortex
This hate lives inside me
Vortex
Break these chains that bind me

Break

This world is a prison of lies
My mind is my demise
This world is a prison of lies
My mind is my demise
