

# I've Been Wrong Before

The Buckingham

I, I've been wrong before  
But I know for sure  
That I saw you last night  
Out with another guy  
It nearly made me cry  
So I'm telling your girl  
Stand by me my love

And I'll give you anything you want anytime you want

So stand by me my love  
And I'll give you everything

And I'll give you everything  
And I'll give you anything you want anytime you want  
Stand by me my love  
So stand by me my love

And I'll give you everything  
And I'll give you everything

Out with another guy  
But I know for sure  
I, I've been wrong before  
That I saw you last night  
It nearly made me cry  
So I'm telling your girl  
"Cry!"  
So I'm telling you girl  
So I'm telling you girl  
"Cry!"  
"Cry!"
