

Makin' up and Breakin' Up

The Buckingham

Ever since I gave you my ring, girl
We just don't seem, seem to get along
One day we're so, so in love, girl
The next day it's all gone

I know I love you, girl, and I know you care
Why can't we stick together, girl?
'Cause it just ain't fair (just ain't fair)
No it just ain't fair (just ain't fair)
No it just ain't fair

To our hearts, girl (just ain't fair)
To keep them apart, girl (just ain't fair)
No it just ain't fair (just ain't fair)
No it just ain't fair (just ain't fair)
So let's stop makin' up and breakin' up and makin' up again
Let's live our lives while we can
(Together) while we can
(Together) while we can

One day we're so, so in love, girl
The next day it's all gone
