

## Dak's Back

The Buttersons

He's as scattered as a shot from a sawed-off shot gun  
He's got a japanese switchblade that he plays with while he's b  
athing in the sun

He's either here, there  
Always it's a  
Always it's a  
Dizzy Affair

But you should hear his playing guitar  
It will put you in a daze for days  
Hold your girl's hand tight  
Before he sets his sights

Yes he knows  
He's the shit and he doesn't commit  
Just keeps doing sweet licks  
And watching the sun set  
Alright?

He blows smoke in your eyes  
While he's eyeing your fucking wife  
Don't talk back or you'll be at the edge of his knife

He's either here, there  
Always it's a  
Always it's a  
Dizzy affair

But you should hear his playing guitar  
It will put you in a daze for days  
Hold your girl's hand tight  
Before he sets his sights

Yes he knows  
He's the shit  
And he doesn't commit  
Just keep listening to his sweet licks  
And watching the sun set  
Alright?
