

Tequila Mockingbird

The Buttersons

If I told you I loved you would you leave me alone?
It's nice to go out but it's wise to stay home
Cause in front of everyone you just make a fuss
Making fools of the both of us
And I can count on one hand when I've been on command
I'll drink too much and make creepy demands
When I'm this way, all you have to say
Honey you're making fools of the both of us

Cauterize, this knife so tough
Should be no news to you we've nothing to lose
I don't mind if you don't mind if we're all right
Let's do shots around the corner
Should be no news to you we've nothing to lose
I don't mind if you don't mind if we're okay

Let's go outside
We survived
But no lying down yet
We don't listen when we're afraid
I told you that yesterday

Many times over I cross a line
But your head's on my shoulder so I feel all right
Guess in the end, it's been time well spent
Making fools of the both of us
Just making fools of the both of us

That's all right
I don't mind if you don't mind if we're all right
Let's do shots around the corner
Should be no news to you we've nothing to prove
I don't mind if you don't mind if we're all right
We're okay
