

Satisfied

The Buzzhorn

Space yourself distance apart from the rest
Shout it out, get it all off of your chest
Oh now, down on your knees now, hopelessly catching your breath
Look around, oh but there's nobody left
No one left

All the truth you've been denied
And I know how no one is satisfied
Are you satisfied?
I hope you're satisfied

Look around, nobody's laughing but you
Smile it off, ducking and keeping your cool
Oh now, this gets easy after what they put you through
Smash it down, guess it's just something you do
Oh you do

All the truth you've been denied
And I know how no one is satisfied
All the truth you've been denied
And I know how no one is satisfied
Are you satisfied?
I hope you're satisfied

Space yourself distance apart from the rest
Shout it out, get it all off of your chest
Off your chest

All the truth you've been denied
And I know how no one is satisfied
All the truth you've been denied
And I know how no one is satisfied
Are you satisfied?
I hope you're satisfied
