Time Between

Don't say you love me, don't say you care You're so far away Telephone communication, only a three minute elation When I hear your voice Through love and trust it's gonna work out fine The only pain I feel is all this time between You and me, you and me

All the days have turned to years, only emphasize my fears Since you said goodbye I can hear your voice at night, I can read the words you write It's only love Through love and trust it's gonna work out fine The only pain I feel is all this time between You and me, you and me

Now don't say you love me, don't say you care You're so far away I can hear your voice at night, I can read the words you write It's only love Through love and trust it's gonna work out fine The only pain I feel is all this time between You and me, you and me

Through love and trust it's gonna work out fine The only pain I feel is all this time between You and me, you and me You and me
