

Honey I'm Homeless

The Cactus Blossoms

Honey, I'm homeless
Are you happy to see me again?
You're still lookin' timeless
How've you been?

Just another weekend
Long nights without any rest
My fairweather friends
Have all up and left

Oh, what a shame
I'm just passin' through
Someone said your name
I remembered you

Oh, that west Texas woman
Knows how to play pool and
Taught more in one night
Than twelve years of schoolin'
I asked you before
I'll sing it again
Honey, how've you been?

All the highways and byways
Led me to your door
Another ship wrecked at sea
Washed up on your shore

Oh, that west Texas woman
Knows how to play pool and
Taught more in one night
Than twelve years of schoolin'
I asked you before
I'll sing it again
Honey, how've you been?

Honey, I'm homeless
Are you happy to see me again?
I'm just a lost horse in the west Texas wind
I'm just a lost horse in the west Texas wind
