

Keep Walkin'

The Cactus Blossoms

Long gone like a memory
Don't wanna go down in history
Third ball and I'm at bat
Throw another one like that and I'm walkin'
Beware of the dog, keep off the grass
I don't care, I've got class
Take heed and mark my words
Someday I'm gonna fly like a bird, keep walkin'
Keep walkin'
Keep walkin'

Gotta move along to my next location
I'm a big fan of appreciation

Sundown yellow moon
Don't assume anything too soon
If you want some sympathy
Don't be your own worst enemy, I'm walkin'
Sayin' that you mean it does no good
Neither does knockin' on wood
Don't tell me to stay in my lane
We're waiting for the same damn train, keep walkin'
Keep walkin'
Keep walkin'

Gotta move along to my next location
I'm a big fan of appreciation

Gotta move along to my next location
I'm a big fan of appreciation

I'm not the FBI or the CIA
But I can hear every word you say
You wanna know where I went?
I didn't run for president, I'm walkin'
I'm walkin'
Keep walkin'
