

## Love Tomorrow

The Cactus Blossoms

Do you feel the way I feel?  
Some would say it can't be real  
Maybe we found what we're looking for

Love tomorrow  
Love today  
Love to show us the way

Do you see the way I see?  
A glass half full and half-empty  
Maybe we could use a little more

Love tomorrow  
Love today  
Love to show us the way

Love tomorrow  
Love today  
Love to show us the way

Do you feel the way I feel?
