

## Devil's Lettuce

### The Cadillac Three

One, two, three, and

Lookin' at the clock and there's a four and there's a 20  
Puts a smile up on my face 'cause I got a little money  
Been a long damn day and I need a little chill  
And I'm tryin' not to drink and I'm layin' off the pills  
So I call up Stoney 'cause he's heavy on the scale  
And he's got that freshy fresh called Purple Fairy Tale  
And we rally up the troops and put a record on the spinner  
Bob Marley, yeah, that's a winner

Ooh, puff, puff, pass to the left  
Hit it, blow it out just like that  
Got the best homegrown from Tennessee to Texas  
Gettin' higher than Heaven on that devil's lettuce

Ooh, gimme, gimme, gimme that  
Ooh, gimme, gimme, gimme that  
Ooh, gimme, gimme, gimme that  
Devil's lettuce, weed smokin'

Lookin' at Bessie looking over at the lava lamp  
She said, "It's talkin' to me," then she went and did a face plant  
Onto the couch watchin' Dazed And Confused  
With Billy and Jimmy it was like a cartoon  
Then we got a little munchie so we hopped up in the Cadillac  
But not before we rolled a little spliff of shakey, bakey swag  
Where ya wanna go? Best food in town  
Scattered, smothered, Waffle House

Ooh, puff, puff, pass to the left  
Hit it, blow it out just like that  
Got the best homegrown from Tennessee to Texas  
Gettin' higher than Heaven on that devil's lettuce

Weed smokin'

Ooh, puff, puff, pass to the left  
Hit it, blow it out just like that  
Got the best homegrown from Tennessee to Texas  
Gettin' higher than Heaven on that devil's lettuce

Ooh, gimme, gimme, gimme that  
Ooh, gimme, gimme, gimme that  
Ooh, gimme, gimme, gimme that  
Devil's lettuce, weed smokin'
