

# Everywhere I Go

## The Call

Raise me up  
Keep that promise that you made  
Wake me up  
Keep that promise that you made

I think of you  
(Everywhere I go)  
I think of you  
(Everywhere I go)  
I look for you  
(Everywhere I go)  
I need you  
(Everywhere I, everywhere I go)

Straight has curve  
Smiles, eyes, powers to confound me  
I lose my nerve  
Your voice, it echoes all around me

I think of you  
(Everywhere I go)  
I think of you  
(Everywhere I go)  
I look for you everywhere  
(Everywhere I go)  
I must have you  
(Everywhere I, everywhere I, everywhere I go)

Ease me down  
Keep that promise that you made to me  
Take my hand  
My mind reels, all my senses rise

I think of you  
(Everywhere I go)  
Lord, I think of you  
(Everywhere I go)  
I look for you  
(Everywhere I go)  
I need you  
(Everywhere I go)

Lord, I need you everywhere I go  
(Everywhere I go)  
I look for you everywhere  
(Everywhere I go)  
I need you  
(Everywhere I go)  
I must have you  
(Everywhere I, everywhere I, everywhere I)  
(Everywhere I)  
Everywhere I go, go
