

## Seems Hard

The Cardigans

Seems hard to understand  
I think no one can  
Not anyone I know  
No, wait I think I know  
One who does  
At least that's what he says

And what I mean is what I say  
But I've got thoughts left anyway

Seems hard to understand  
I'm not sure myself  
Sure of what to think  
I know I should trust myself  
At least that's what he says

Seems hard to understand  
I think no one did  
Not anyone I knew  
Well, I thought I knew  
One who did  
It was only as he said...
