You might have forgot the journey ends You tied your knots and you made your friends You left the scene without a trace One hand on the ground one hand in space Oh you passed on mercy You tried the rest You gave your body You gave your best Stare at the green door Livin' in the sky You don't wanna know it You just want to fly (hello) hello (hello again) Uh-oo, mm-mm yeah (hello) hello (hello again) Hello, that's right I know (I know you're a dreamer) Mm-mm, who's under the gun I know (I know you're a dreamer) who's only just begun Hello (hello) (hello again) Mm-mm, I say (hello) hello (hello again) Yeah Oh when there's nothin' nothin' left to lose You leave it all to fade to blue, yeah (you want to feel) electric (you want to feel) loose (you want to be) eclectic You want to call a truce (look [echo]) at the profile Staring at the flame (wait [echo]) for the sunshine Standing in the rain (hello) uh oh (hello again) I said hello (hello) hello (hello again) hello again I say hello (hello) ello
