Daybreak...

I Went Through An Endless Night Of Loneliness  
The World Had Turned In Shades Of Blue  
But Now I See A Distant Glow And Hopes Arise  
I'll Have My Way, Since I Met You

Memories Of Yesterday  
Still Make Me Sad  
But Now I Know I Found The One  
To Ease My Mind With Tender Love  
Can Make Me Forget

Daybreak  
Once Again I'll See The Sunshine  
Once Again It Will Be Springtime  
And I'll Be In Love Again  
Daybreak  
No More Reason To Be Crying  
You Will Never See Me Sighing  
For Our Love Will Never End

Once The Nights Were Filled With Dreams  
Of Yesterday, The World Of Love Was Far Away  
But Now I Look Into Your Eyes  
And I Can Read That You Are Mine, And You Will Stay

What You Were Dreaming Of  
I'll Give To You  
And All That Has Been Dark And Grey  
It Will Be Cleared And Coloured Soon  
The World Will Be New

Daybreak  
Once Again I'll See The Sunshine  
Once Again It Will Be Springtime  
And I'll Be In Love Again

Daybreak  
No More Reason To Be Crying  
You Will Never See Me Sighing  
For Our Love Will Never End
