

## Poppy

The Cats

If the mountain were not high If the road were not so long If the  
sun out in the sky Didn't burn so hot and strong Would you move  
on Just to keep you distance

Like a mountain queen on a throne Like an angel high in the sky  
Like an eagle out there alone Looking down from way up high Ma  
ybe some day to come We will be together

Poppy come down to the valley Where the flowers are growing Pop  
py come down to the valley Where the rivers are flowing I'll bu  
ild a home in the sun I'll plant you a tree to give shade Our c  
hildren will grow and have fun Oh poppy how long must I wait Be  
fore you will love me
