

Where is the jasmin I smell  
Is this your garden I`m in  
Or am I under your spell  
Samaina  
The sweet wine that I taste  
Is it rain from the sky  
Come lay your arms around my waist  
Samaina

Then we`ll sail away upon your silver wings  
Fantasies coming alive  
Sail away into my lands of dreams  
Somebody tell me where am I

I hear the sound from the sea  
Coming in waves on the wind  
It`s such a strange melody  
Samaina  
Your warms your lips on my skin  
Just like the rays of the sun  
They seems to swallow me in  
Samaina

Then we`ll sail away upon your silver wings  
Fantasies  
Coming alive  
Sail away into my lands of dreams  
Somebody tell me where am I

I love you, I adore you, I pray for you  
Samaina

And then magic moments overwhelming me  
Sail away silvers wings  
Magic moments overwhelming me  
Sail away  
samaina
