

The Greatest Thing

The Cats

Greatest thing that will ever pass
Is faithfull love that will always last
The thing I felt already as a child
When I lived at home so mild
Glat as a bird every morn'
In the light of a new day born

Greatest thing that will ever pass
Is faitfull love that will always last
It's our turn now yours and mine
We must live now it's our time
Strong I felt, with you at my side
With a jubilant song, here in my mind

Greatest thing that will ever pass
Is faithfull love that will always last
Let's sing our song that unities
And keep our love in a way it lights
Bright is our song ev`ry morn`
As a guide for our children unborn
