

## It Needs You

The Chain Gang of 1974

How do you live in the dust now?  
How do you sleep when it rains?  
Dragging your feet in the fast lane  
Flickering on too late  
It needs you

Stick out your tongue in the morning  
Dilate love and the pain  
Naked with strangers on lake shore  
Do you laugh at your mistakes?  
It needs you

It needs you oou-ou-ou  
It needs you  
It needs you oou-ou-ou

What will you do when you come down?  
Head fucked, and now a slave  
Sweating it out, but them's the breaks  
I saw your beauty fade  
It needs you

It needs you oou-ou-ou  
It needs you  
It needs you oou-ou-ou
