

Air

The Chainsmokers

Make me your only one
And take me closer to the sun
Flying is impossible
At least I thought
Till I felt your touch

One touch got me in the air
Feels so good I could cry
I'm in the air
One more and you get me there
Feels so good I could fly
I'm in the air
I'm in the air
I'm in the air
I'm in the air

Got me like, "Wow, how you do that?"
Got me nearly touching ceilings
Got me feeling like I'm dreaming
Upside down, how you do it like that?
Accidentally got me floating
Got me open with only

One touch got me in the air
Feels so good I could cry
I'm in the air
One more and you get me there
Feels so good I could fly
I'm in the air
I'm in the air
I'm in the air
I'm in the air

Make me
Your only one
And take me
Closer to the sun
